---

Late in 1987, my wife and I welcomed a male Boxer puppy into our home. The following year, we joined the Canadian Kennel Club and I put a championship on our puppy. So began my involvement in the world of purebred dogs.

Since then, I have: taught puppy classes; participated in obedience trials and conformation shows; taken tracking lessons; joined the Boxer Club of Canada (life member and current President); joined the American Boxer Club; joined the Prairie Canine Academy (current vice president); performed Show Superintendent duties for the Prairie Canine Academy; and performed duties as ring steward for various clubs in Western Canada and Ontario. I am currently the Saskatchewan Director for the Canadian Kennel Club .

My wife and I have been breeding Boxers under the Zracon prefix since 1991. With limited breeding we have produced 20 Canadian champions of which 2 were also American champions. We have had 2 Dams of Merit, the Top Boxer Puppy for 2007 ( a shared honour ), the Dam of the Year for 2007, and were named the Breeder of the Year for 2007, all Boxer Club of Canada awards. Our Boxers have participated in and obtained titles / certificates in obedience; agility; herding; lure coursing; and conformation in Canada and the States, including wins / awards at national and regional specialties.

I am undergoing the process for dog show judging in Canada and am licensed for the Working Group and half of the Sporting Group. I am also now on permit for the other half of the Sporting group.

I have judged sweeps at specialties for Boxers, Samoyeds, and Siberians, and also judged the Minnesota Boxer Club Specialty, the Oklahoma Boxer Club Specialty, the Boxer Club of Western Ontario Boxer Specialty, the Heart of America Boxer Club Specialty(at the American Boxer Club Regional Cluster), the Boxer Club of Western New York Specialty, and the Oregon Boxer Club Specialty.
